

# HOW TO...

## MAKE A STRAW ROCKET

### YOU'LL NEED

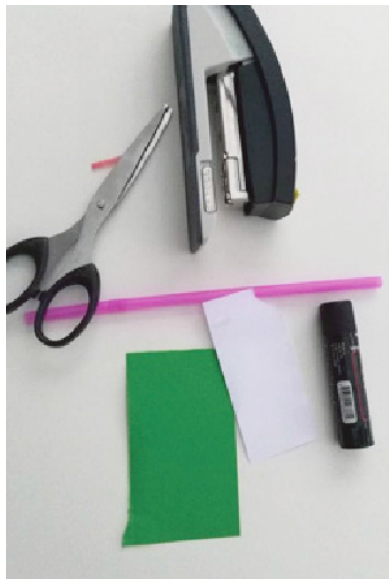

- Thick paper
- Paper straw
- Scissors, stapler and glue

### WHERE

- Everywhere

### WHAT TO DO:

- Cut the paper about half as long as the straw
- Roll it tightly around the straw
- Apply glue along the long side of the paper
- Remove the straw and squeeze it together
- Fold one end and glue together
- Cut three vanes out and glue them to the open end
- Pull the rocket onto the straw, aim it towards a target

**BLOW AS  
HARD AS  
YOU CAN**
